

Scott Kula

Candidate for Water's Edge Property Association Board of Directors

- Raised in Lynchburg, VA and Skaneateles, NY.
- Received a B.S. in Chemical Engineering from Rensselaer Polytechnic Institute.
- Retired from Corning Incorporated in 2017 after 36 years of service. Responsibilities included Operations, Environmental/Health/ Safety, Engineering, Quality, Finance, Human Resources, and Information Technology for multiple manufacturing plants.
- Strengths include rigor, attention-to-detail, and a good sense of humor. I have been told I make good Cosmos and Whiskey Sours (from scratch).
- Weaknesses include sometimes being a bit impatient and sometimes too detail oriented. I also just took up golf this summer and have a lot of work to do there!
- Loni, my wife of 39 years, and I have moved 10 times in our married lives. We've lived in North Carolina, Ohio, Virginia (Danville and Blacksburg), Massachusetts, and New York. We bought our house in TWE in 2011 and moved here permanently in 2017, planning. We plan to live here a long time, which is why I became part of the Committee to set up the WEPOA 2-3 years ago.
- Represented Sections 1 and 5 on the WEHOA Board prior to being appointed to the current WEPOA Board and have served as Secretary for the past year. Responsible for typical Secretarial duties as well as being on the legal subcommittee, maintaining membership records, our Google Drive, Disclosure Packets, and supporting the rest of the Board with startup activities.
- Currently serve as Treasurer for one Condominium Association in Florida and Vice President of a second.
- I am running for Director because I know there is a lot of work left to do to get the WEPOA where it needs to be. Although the startup has been very challenging, stressful, and time consuming, it is important and necessary work.
- I fully support expanding the number of directors so we can add the skills, experience and resources needed to move the WEPOA to the next level.
